N D S Surya Sarvan EXP 5

The screenshot shows the Docker Hub website in a web browser. The browser's address bar displays 'hub.docker.com'. The website has a blue header with the Docker Hub logo, a search bar, and 'Sign In' and 'Sign up' buttons. Below the header, a large blue banner contains the text 'Develop faster. Run anywhere.' and 'Docker Hub is the world's easiest way to create, manage, and deliver your team's container applications.' A search bar with the placeholder 'Search Docker Hub' and a 'ctrl+K' shortcut is also present. The main content area is divided into sections. The 'Spotlight' section features three cards: 'Build up to 39x faster with Docker Build Cloud', 'LLM Everywhere: Docker and Hugging Face', and 'Take action on prioritized insights'. The 'AI and Machine Learning' section features four cards: 'tensorflow/tensorflow', 'pytorch/pytorch', 'langchain/langchain', and 'ollama/ollama'.

dockerhub ? Sign In Sign up

**Develop faster. Run anywhere.**

Docker Hub is the world's easiest way to create, manage, and deliver your team's container applications.

Search Docker Hub ctrl+K

**Spotlight**

**CLOUD DEVELOPMENT**  
**Build up to 39x faster with Docker Build Cloud**  
Introducing Docker Build Cloud: A new solution to speed up build times and improve developer productivity

**AI/ML DEVELOPMENT**  
**LLM Everywhere: Docker and Hugging Face**  
Set up a local development environment for Hugging Face with Docker

**SOFTWARE SUPPLY CHAIN**  
**Take action on prioritized insights**  
Bridge the gap between development workflows and security needs

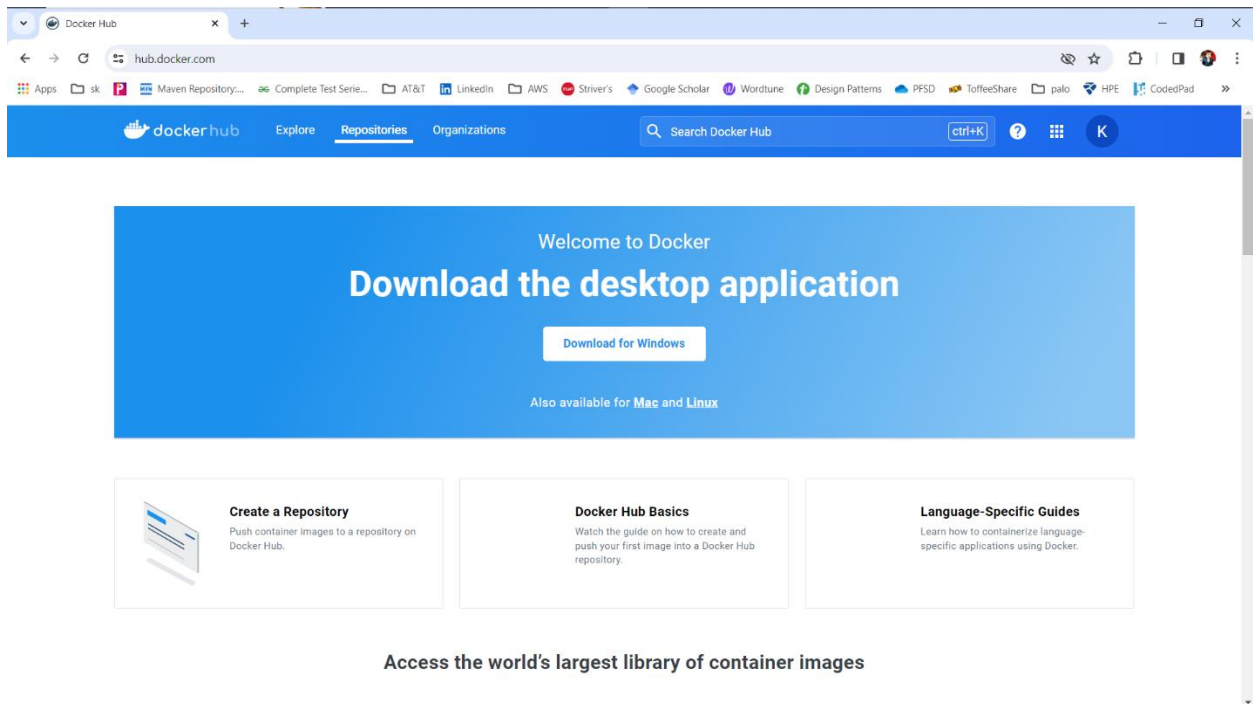

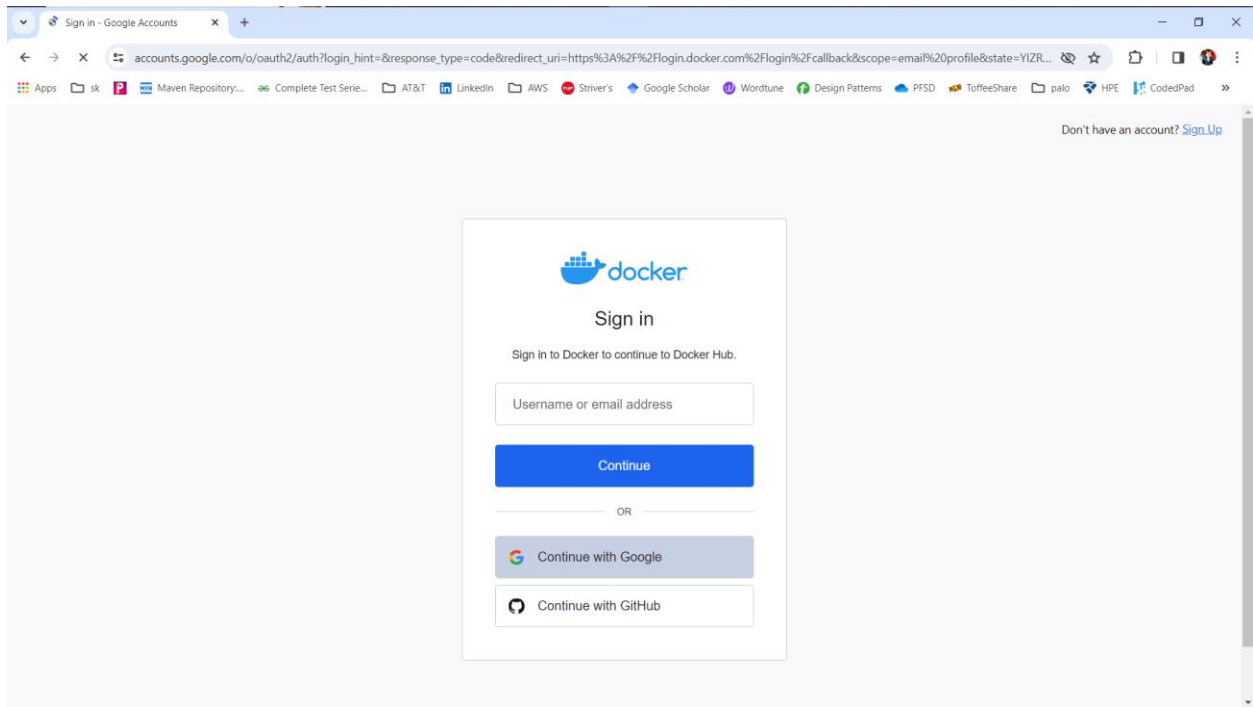

**AI and Machine Learning**

**tensorflow/tensorflow**  
Official Docker images for the machine

**pytorch/pytorch**  
PyTorch is a deep learning framework

**langchain/langchain**  
Building applications with LLMs

**ollama/ollama**  
The easiest way to get up and running
